

**UNITED STATES DEPARTMENT OF AGRICULTURE**

Farm Service Agency  
Washington, DC 20250

**Notice PS-585**

**For:** State and County Offices

**New Web-Based COC Maximum Yield Table**

**Approved by:** Acting Deputy Administrator, Farm Programs

**1 Overview**

**A Background**

8-LP, subparagraph 132 E requires COC to:

- annually determine reasonable estimates of yield for each commodity based on crop and weather conditions in the county
- document determination in COC minutes.

Instructions for entering yields established by COC in APSS are in 12-PS, subparagraph 1488 C.

eLDP software will be enhanced on or after March 29, 2007, to provide a new web-based COC maximum yield table that will be used to establish customer profiles beginning with crop year 2007.

Notice PS-584 provides instructions for establishing customer profiles with the new web-based COC yield table.

**B Purpose**

This notice provides State and County Offices with instructions for entering and maintaining COC yields and allocations in the new web-based COC yield table.

**C Contact**

For questions or situations **not** addressed in this notice, State Offices shall contact Laura Schlote, PSD, by either of the following:

- e-mail at [laura.schlote@wdc.usda.gov](mailto:laura.schlote@wdc.usda.gov)
- telephone at 202-720-7785.

**Disposal Date**

December 1, 2007

**Distribution**

State Offices; State Offices relay to County Offices

3-23-07

**Page 1**

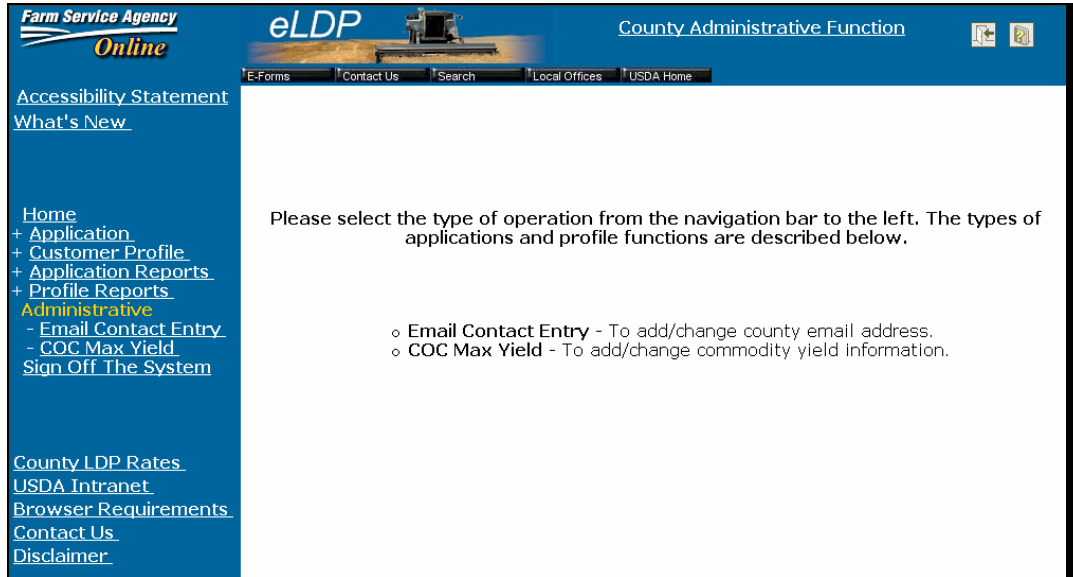

## 2 Web-Based COC Maximum Yield Table

### A Web-Based COC Maximum Yield/Allocation Process

eLDP software has been enhanced to record a county's COC-established yield. The web-based process is similar to the COC-established yield table in APSS.

County Offices shall record the COC maximum yield according to the following table.

Step	Action
1	CLICK "eLDP Functions" from the Price Support Home Page.
2	After successfully logging in according to 15-PS, paragraph 202, use the drop-down box on the <b>Welcome to Price Support Screen</b> to select the State and county of the yields to be recorded.
3	On the <b>Application Process Screen</b> , CLICK "Administrative".
4	On the <b>County Administrative Function Screen</b> , CLICK "COC Max Yield".

6	<p>Enter the percentage of reasonable quantity to allocate for eLDP profiles.</p> <p><b>Note:</b> The “<b>Allocated %</b>” shall be entered as 100 percent unless the entire commodity is more likely to be put under loan. In those cases, County Offices can enter a percent less than 100 percent.</p>																																																																																																																																																																		

**3 Using APSS to Record COC Maximum Yields**

**A APSS COC Yield Table**

APSS is still used to process:

- all marketing assistance loans (MAL's)
- LDP's unable to be processed using the eLDP software.

County Offices are still required to:

- record COC yields in APSS according to 12-PS, paragraph 1434.5
- run APSS eligibility queries according to 12-PS, paragraph 1489 before disbursing MAL's and LDP's.
